

YSB Employment Services

Helping you get a foot in the door

Employment plays an important role in individual and family well being. YSB Employment Services offers job seekers of all ages support to prepare for the job market and find employment.

Services include career exploration, interview preparation, job fairs and placement opportunities.

Learning centre:

Our self learning computer based, hands-on training will help you to ensure your future success in today's competitive world.

We work with job seekers to provide a range of employment supports including:

- One-to-one career planning
- Job search advice and training
- Personalized employment action plans
- Skills training and development focused on current local labour market opportunities
- Referrals to community supports and services
- Specialized services and supports for clients from a range of backgrounds, including those with complex needs
- Direct links to local employers through a range of employer services
- 12 months retention support once in work to ensure sustainable employment

We work with employers to provide no cost to hire services including:

- Access to job ready candidates available to start work immediately
- Pre-employment screening and assessment
- Hiring advice, education, and training
- 12 months retention support including monitoring, problem solving and issue resolution
- Employer wage subsidies
- Workplace assessment and modifications
